Laundry rooms

Laundry rooms are located on the street level of the houses. The washing time is divided into four sessions;

07:00 - 11:00,
11:00 - 15:00,
15:00 - 19:00
19:00 - 23:00.

The laundry rooms may only be used for household laundry only, and may be used by the residents of brf Vikingen, during the times stated above. The laundry rooms can be booked in three different ways:

- A On website www.vikingen.org or <http://husby.bokatvatt.se/>
- B On iphone or Android
- C Booking board in the coarse washing rooms

Remember that you only get access to the laundry room you booked, during the time you reserved. If you have reserved the laundry session 07.00-11.00, you will not be able to enter the laundry room before 07.00. However, you get access until 11.30 to be able to pick up your laundry. You must start your laundry session within 30 minutes of entering the laundry room by opening the door with your red key tag. If you have not opened the door within 30 minutes, your reserved laundry time will return as free and someone else can book it. You can use the laundry room a maximum of twice a week.
